The Great Outdoors

Lake Forest Resort and Club is nestled next to the 200-acre Lake Forest Recreation Area. This beautiful hilly and wooded nature area is actually a large peninsula, resting between Eagle and Voyageur Lakes, part of the longest chain of lakes in the world. Its colorful history includes entertaining many famous people at the Eagle Waters Golf Club, established in 1917, which is now known as the Lake Forest Golf Club.

The Great Life

Do as you please...

Your Lake Forest vacation is the vacation you've always dreamed of, the ideal mixture of relaxation and activity, in all four seasons.

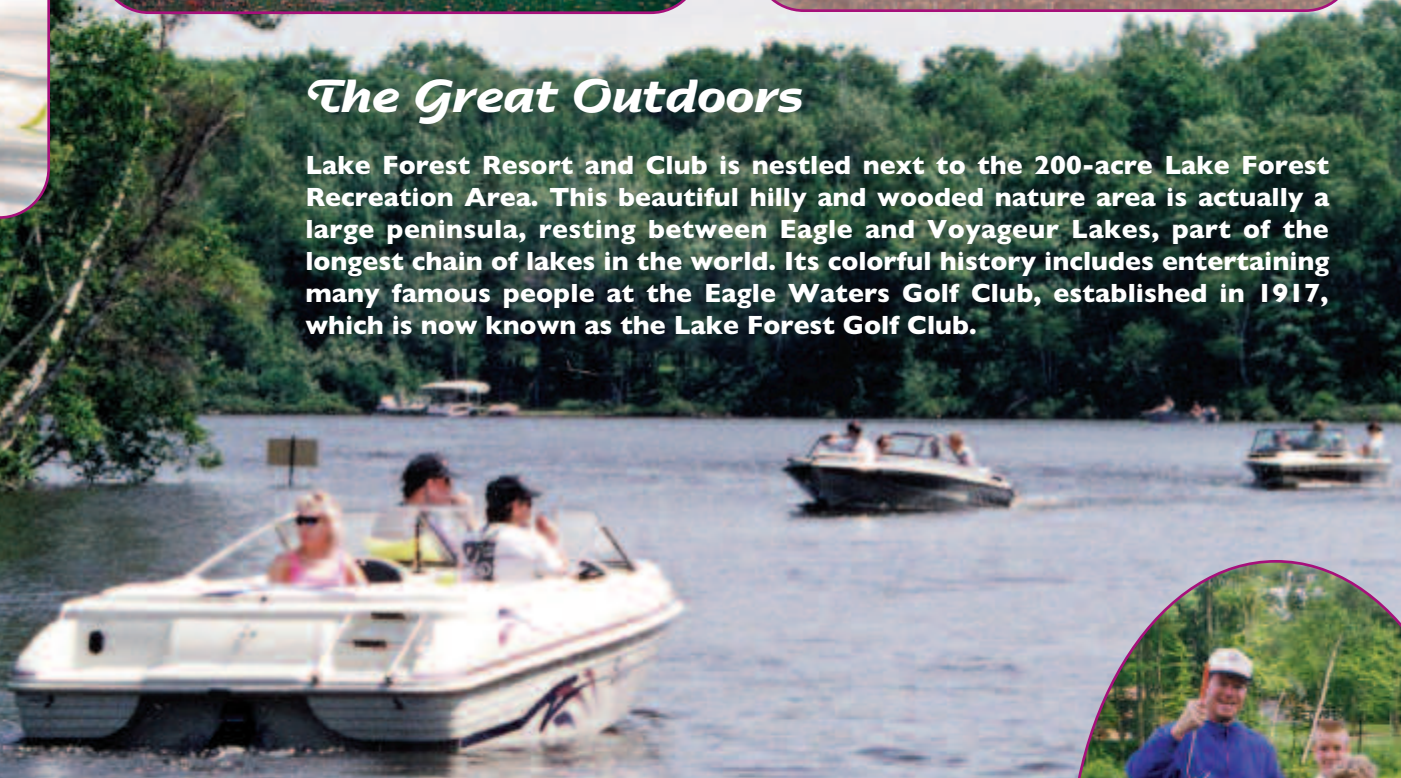

You can bicycle down a country lane past trees aflame with fall colors, cast your line on the mirror-smooth surface of a lake, glide on skis through hardwood forests or golf to your heart's content on the sporty 9-hole course overlooking Eagle Lake. It's all here, and it's all great fun.

And there is more... snowmobiling some of the best trails in the country... boating, waterskiing, swimming or canoeing at one of the 1300 county lakes.... Or try exploring the four nearby forests with great trails for all kinds of outdoor sport enthusiasts.

Be good to yourself. Enjoy the Health and Fitness Center's 40' indoor pool, workout in the fitness room or relax in the soothing warmth of the whirlpool or sauna.

Many amenities are available at no charge for you, your family and friends.
